A few days ago, Gillian was happy with Mayor Davison, an editor in the chair. Then along came some dancing girls from Chicago and appeared in Gillian's dance hall. They shook wicked shoulders, etc.

Fathers and mothers that watched thru a key hole as they performed before a dance by the younger set served notice that the girls would have to buy some clothes or leave town. The girls left.

BROWNSVILLE, Pa. — (Associated Press.) — Albert Fleming, manager of the W. J. Rainey and company store at Allison, Pa., and C. O. Evans, chief clerk, were robbed of approximately \$30,000, the company's mine payroll, by six bandits who held up a trolley car three miles from here today.

\$10,000 PAYROLL TAKEN
PITTSBURGH. — (Associated Press.) — Four armed men today held up and robbed J. W. Bishop and R. E. Malone, paymasters for the Bernard Gloekler company, at Penn-ave and Twelfth-st., and escaped with the company payroll of \$10,000.

The case was placed in the hands of the jury at 11:15 a. m., immediately following the charge delivered by Judge Joseph D. Barnes.

No prediction was ventured as to the length of time that might be required for the nine men and three women composing the jury to arrive at a verdict.

WAPAKONETA. — (Staff Special) — In his argument in rebuttal before the jury in the case of the State of Ohio vs. Harold Nierengarten, for the murder of Joseph Scott Kershaw, Prosecuting Attorney Karl Timmermeister Saturday morning demanded a verdict of guilty of murder in the first degree, with no recommendation for mercy.

Timmermeister endeavored to make clear to the jury that the murder was premeditated and that Nierengarten planned it with the purpose of committing robbery.

PREMEDITATION CHARGED
"Why did Nierengarten have a gun on his person on November 20, if murder had not been planned?" Timmermeister asked. "Why did he visit the home of Scotty Kershaw, wake him up from his Sunday morning slumber and arrange to meet him later at a restaurant? Why did Nierengarten help Kershaw into the death car? Why did he refuse to permit two other Lima boys to enter the car? Why was it that he wanted to be alone in the car with Kershaw, if he had not planned murder?"

These questions were snapped at the jury by Timmermeister, to build up a structure of premeditated murder. Timmermeister asked why counsel for the defense had not placed on the stand a doctor or an alienist, in an effort to show that Nierengarten was insane or that he was not of sound mind. The prosecutor stated that in such cases it is usual for such testimony to be introduced. "If the murder was not deliberately planned," Timmermeister said, "why did Nierengarten shoot Kershaw twice in the back, drag his body to one end of the car away from the doors and shoot him again thru the head?"

The prosecutor contended that by his admission on the stand that he had robbed Kershaw after killing

5 reasons why you should buy
DAYTON TIRES!No. 1 A Good
Tire

Quality materials is a mighty factor in the building of a superior tire. There's real, honest-to-goodness quality in Dayton tires.

For example, the tread is the toughest composition, the most perfect wear-resisting tread possible to build. It is treated to withstand cuts, bruises, oil and weather.

Dayton tires are well balanced. The mark of quality extends thruout. Zinc oxide treated side walls prevent curb, car-track and frozen road chafing.

Every Dayton tire has a special bead which throws the hinge or flexibility to the side wall where resiliency should come—not at the bead, causing an easy break.

No. 2 A Real
Guarantee

After all it's miles you're after

Dayton mileage guarantee is based on actual mileage, not on appearances. Every Dayton Thorobred Cord is adjusted on a 10,000 mile basis and Dayton Fabrics on 7,500 miles.

Most tire companies today do not furnish a mileage guarantee. The real reason for the long mileage guarantee of Dayton tires is the company's confidence in the product it sells you.

The Dayton tire guarantee covers any defect in workmanship or materials during the miles stipulated whether it be a thorobred cord or fabric.

No. 3 Responsibility
Of Maker and Dealer

It does not make a difference who manufactures the tire and from whom you buy it. The Dayton Rubber Manufacturing Co. is depending on the satisfaction of the car owner to bring in the future business. That's why you can depend on a Dayton tire. We are proud to recommend Dayton tires to our most particular customers.

In the making of a Dayton tire the company puts quality and honesty of workmanship and materials first. The price is the last consideration.

It's a fact, however, that you may buy tires that cost more, but we don't believe you can buy tires that will give more genuine satisfaction or mileage service.

No. 4 Quality
Workmanship

The big plant that makes Dayton Thorobred Cords and Fabric Tires is a model tire factory, with all the very latest machinery and manned by the most expert tire builders and chemists the tire industry has produced.

Speed is not the big factor in building Dayton tires. Many factories may turn out more tires with the same capacity, but Dayton tires are built carefully and precisely, regardless of the time consumed.

When final inspection is completed a Dayton tire is practically certain to cover the mileage claimed for it. And this careful inspection is a part of the quality workmanship chain in the Dayton plant.

No. 5 Man to Man
Service

What is tire service? First, it is the customer's satisfaction.

We make all adjustments here in our own store. We are official factory representatives for this territory. There is no red tape and no delay.

We maintain a free Service Department and our Service Car will call any time without extra charge.

Next time you have tire troubles, phone for our Service Car. Competent tire men are in charge of our tire department.

We carry a complete line of Dayton tires—any size to fit your car. Come in and inspect the Dayton.

the price, mileage and service are right!
WHAT MORE COULD YOU ASK?

Above we have attempted to show why every auto owner should buy Dayton tires for his car. If it's miles you're after, then the most economical tire you can buy is a Dayton. The FIVE REASONS mentioned above are absolutely necessary to tire satisfaction, — are you satisfied with the tires you are now using? If you want to learn what genuine tire satisfaction is, ask ANY Dayton tire user. We'll tell you who they are in Lima and vicinity. That's the way to find out the whole facts.

REVOLUTION BREAKS OUT IN TRIPOLI

ROME — (Associated Press) — A revolution on a large scale has broken out in Tripoli, says a dispatch to the newspaper Il mondo from its correspondent in the capital. The rebels have cut the railway in many places and attacked the Italian garrisons.

At Azizia two companies of Italian soldiers surrounded by rebels are receiving food dropped from air planes.

The Italians have evacuated Chater and Zavia. The latter is on the coast about 125 miles east of the city of Tripoli.

A Tripoli dispatch by way of Rome on February 12, told of fighting between rebels and the Italian forces at Mazurati near Azizia. It was stated that the Italian government regarded the trouble as an isolated demonstration.

PUNISH ZARTMAN

Street Superintendent, Laid Off Week, To Return Monday

Claudio Zartman, street superintendent for eight years, when Manager C. A. Bingham suspended for purposes of discipline, will return to duty Monday.

The clash between Zartman and Manager Bingham which culminated in the former being given a week's layoff by the city manager, is said to date back to the days of the former administration. In those days Zartman had more or less free rein as to the makeup of his department.

Certain changes in the personnel of employees asked by the city manager and Vaughn C. Miller, city engineer, caused a disagreement, although they were made as requested, according to Zartman.

It is asserted that matters came to a climax when Zartman went to members of the commission with his troubles.

Later he tendered his resignation, but withdrew it. His move was purely voluntary, it was learned.

"It is a matter of discipline," Bingham declared.

"I've had a vacation," said Zartman.

Zartman's office comes under civil service. It is doubtful if charges will be filed. Everything is now satisfactory to all concerned, it is stated.

THREE MORE DAYS FOR TAX RETURNS

Nearly 50 per cent of the adult population in Lima is due to make a call at the Federal building within the next three days.

They haven't filed their income tax report, according to John Marsh, deputy collector of internal revenue. "It is going to be some job to handle them all," said Marsh. "I hope they all won't wait until the last day."

Some of them are not. At least Marsh's office and waiting room was crowded Friday.

On one side sat a corpulent, richly dressed woman, impatiently tapping the floor with the toe of her expensive custom made shoe. She proudly smoothed the fur of her coat.

Near her in contrast sat a slovenly dressed foreigner. He wasn't anxious to make a return—no more than his neighbors. Far rather would he invest the money in a tract of land on the far side of the Atlantic than he means some day to acquire.

Marsh says he is taking care of the people as fast as they come—but he urges that they come faster. There are three more days.

UNCLE SAM'S PAY DEMAND STIRS FRANCE

PARIS — (Associated Press) — The demand by the United States for reimbursement to the extent of \$241,000,000 for the expenses of its forces in the Rhineland before any reparations are paid has provoked surprise and perplexity in French official circles. There is also some pointed comment in several morning newspapers.

A French semi-official statement says that the American claim comes exactly at the moment when the accord based on the Cuneo project was about to be realized, and that it tends to destroy the whole system of reparations so laboriously elaborated by the allied experts.

The Echo de Paris declares it is undoubtedly too late to give the United States its share of the one billion gold marks paid by Germany on August 30, last, as Belgium and England already have received their allotments. The allies certainly cannot refuse to give the United States its due, the newspaper adds, but "this question must be determined of what utility is an American army on the Rhine if it isn't in political co-operation with the allied governments."

The Matin thinks the American demand creates a paradoxical situation in law, "because the United States is at the same time responsible to and independent of the allies, responsible in its claim, and independent in its policies regarding Germany, with which it has a separate treaty."

CHICKENS MISSING, ARE RETURNED THE SAME NIGHT

Ed Smith, 718 Holly-st., went to his chicken coop Friday night for a last look at his treasured fowls before shutting them in with their dreams.

"They were gone!" He and his police immediately set out to find them. In about four hours he went back to the coop. Then his voice floated over the telephone to police station.

"Call off your men, sarge. My chickens have come home to roost."

Now there is a deep mystery. Smith is asking himself, "Did the thief forget to shut the door after he lodged them in his own pen, or did my fowls play hide and seek with me when I went out to lock them in?"

He is in a deep, deep well of conjecture.

Failure to secure the man he considers just right for the place, locally at least, has induced Manager Bingham to consider inserting advertisements in the newspapers, he said Saturday.

Results might justify the plan, he believes, as citizens would be asked to aid in the search for a man qualified for chief.

According to Bingham, the sentiment for a local man is strong. On the other hand, the majority of the men suggested for the job do not measure up to the standard required, he states.

Bingham is of the opinion that a business man, unacquainted with police methods, would not do. Several men of this type have been suggested, he said.

No decision has been made relative to any of the outsiders who have submitted positions.

One thing that is holding up the appointment, it was learned from other sources, is the question of salary.

Several applicants are in the race only on condition that the pay is increased to meet their ideas. Manager Bingham expressed doubt if a police captain or lieutenant, from some larger city could be induced to come here for the present rate of pay.

The department needs reorganization, Bingham believes, and the man selected, if possible, should have worked up from the ranks and be an executive.

The manager favors a man of generous physical proportions.

Examples of success made by women farmers were related by Mrs. A. B. Gray in a talk on "Women in Agriculture" given before members of the Shawnee-tp Grange, at the Shawnee township house, Friday night.

Instances related show that women are meeting with as great rewards in farming as in other lines of endeavor.

Other events on the program included mass singing by the grange members, recitations by Mildred Boushner, Eva Mae Coon, M. E. Sprague, Betty Sereff, Sarah Mae Strawbridge and Frona Sereff; vocal solo by Dorothy Strawbridge and a piano solo by Lenore Sprague.

A St. Patrick's Day program will be given by Shawnee-tp high school girls at the township house Friday evening, March 17.

MOVE IS STARTED FOR FEDERAL COURT HERE

Lima may have a federal court, if a bill introduced in the House of Representatives by Congressman John J. Cullen is passed.

The legislation proposes to divide the northern judicial district into two parts, designating Lima and Toledo as the seats of the western half. Court would be held here twice each year. Some 21 counties would be embraced in the division.

A federal court is now held in the northern judicial district at Cleveland, Toledo and Youngstown.

Cases originating in the district to be set aside would be heard here. The bill is little more than an amendment to the code creating federal courts.

The measure is in hands of the judiciary committee, Washington advises state.

300,000 STRIKE IN ENGLAND

LONDON. — (United Press.) — Lockout of 300,000 machinists in engineering trades started at noon today.

Union leaders and employers conferred through the night, and this morning it was announced the situation was "hopeless." The strike directly and indirectly affects a million workers.

England is faced with the greatest industrial crisis since the coal miners' lockout last spring. Machinists in 2,500 factories throughout the country will be affected by the lockout.

Issues involved concern chiefly overtime pay and the rights of managers to assign certain classes of workers to certain duties.

A lockout in the shipbuilding industry, involving hundreds of thousands more workers have been tentatively scheduled for March 25.

Workers in foundries and shipyards are closely amalgamated with the engineering union and spread of the strike will involve at least a million men.

SMOKING ON STREET CARS BRINGS PROTEST TO CITY COMMISSION FROM WOMAN

"Strong enough to move a box-car" is the way a working woman who appealed to the city commission Saturday, to "order smoking stopped in street cars, describes the aroma of pipes smoked by six male passengers who rode to work daily on her car.

In a letter addressed to the commission, she charges that ventilation of the cars is poor. She boards the Grand-av car each morning, the letter says, and finds men smoking cigars, cigarettes and pipes. The pipes are the worst, according to the letter.

Failing to secure action from the traction company, the writer says she decided to appeal to the commission.

The traction company has a rule against smoking inside of a car, according to Superintendent F. A. Bundy, and there are signs prohibiting passengers doing so.

"We have nothing to sell but service," he said, "and try to remedy any complaints that are made."

RECEIPTS GROW
Receipts at the Lima postoffice increased \$1,225.29 during February, records show. February income amounted to \$16,321.18, while that for January was \$15,325.89. Lima has become the distributing point for a number of magazines, the revenue from which swells the total receipts.

PLAN HOCKEY

ANN ARBOR.—When athletic di-
rectors of the "big ten" universities
meet in Chicago March 16 previous
to the conference indoor track meet,
they will be asked by Athletic Di-
rector Fielding H. Yost of Michigan
to give their views concerning a plan
to form a hockey association of mid-
dle western universities both in and
outside the conference. Coach Yost
announced he was in favor of the
proposal.

Considerable agitation designed to
bring about the league has resulted
in the middle west recently. The uni-
versities of Minnesota, Wisconsin,
Michigan, the Michigan School of
Nines, Notre Dame and other schools
have been active in the interests of
hockey and for the past few years
have been competing in the sport.
Coach Yost is making an effort to
have hockey recognized as a minor
varsity sport at Michigan.

SUMMARY OF
SPORT

SAN ANTONIO.—Manager Mc-
Graw has decided on the following
lineup for the coming season:
Bancroft, Groh, Young,
Frisch, Meusel, Kelley, Shinnors or

making the goal after touchdown
from a scrimmage formation or
abolishing it entirely—is expected
to be made at the annual meeting of
the football rules committee.

ST. LOUIS.—Jack Fournier has
signed a new contract and depleted

new salary is reported at more than

DALLAS, Tex.—Another col-
legian appears likely to land a berth

Nulty, captain-elect of the Ohio
State baseball team this season. In
yesterday's game, he smashed a
home run and a double and fielded
excellently in center for the
Yanigans. The Indians and Cardinals
opened a two-game series here

CENTRAL CLOSSES SEASON BY DEFEATING PIQUA

Southern Runner-up
Loses Close Game

BY J. KENNETH CRAWFORD

CENTRAL closed the doors of the basketball season last night with a slam, taking the heavy end of a 37 to 27 score from Piqua. Piqua was the team that lost to Delaware at the southern tourney by the narrowest possible margin of one point. Piqua was the team that never, this season, had more than 25 points scored on them. But this didn't affect the Centralites, who went right to work and increased this 25 points to 37.

It was a tough contest thruout, both sides showing up equally in the first half. Then at the beginning of the second stanza the Centralites began to show the kind of playing which they have been noted for all season. Central was never in the rear after this, always being 2 or 3 points in the lead but usually being 6 or 8 marks ahead.

Mitchell's ability to drop the sphere thru the hoop was the outstanding feature of the game. He had 5 field goals in the initial half and 3 in the final period. In the early part of the struggle the pass was especially noticeable on both sides. The game was played remarkably clean for as tight a contest as it was. It was fully fifteen minutes before Referee Thomas was compelled to inflict a personal on either team, this was made by Mitchell. The entire game of these fouls rounded up only made four. Not a foul shot was missed by either team. Captain Keith De Voie made 3 for the Red and Green and Nye dropped thru the same number for the opposing team.

It was fully five minutes after the encounter began that either team made a goal from the floor. This was made by Johnson, the Piqua center. Mitchell made up for this however, by making Central's first goal. The next instant he made another and the count for the Red and Green advanced to four. Hunter followed this up by making a pretty shot and the local school was four marks in the van. Nye, for the visitors, dropped one thru and the score again got tighter. Then DeVoie made his first foul goal on Johnson's double dribble and the score was 7-4. Johnson then made his second counter and the fight was nearly even. Mitchell then put the ball thru the ring again and Nye kept Piqua in the race by making another two point counter. Mitchell then made his fourth basket and Johnson followed this up with his third. DeVoie dropped the ball thru for another for Central. On Mitchell's personal Nye made the first foul for the visitors. Mitchell, Nye, Seely and Johnson each made another goal before the game went off for the half and the score was 17-11.

The last half began with a rush when Seely made two field goals before Piqua had awakened. Here the Piqua coach made a substitution by putting Puruchi in Cron's place. DeVoie then made another foul goal and Central went away ahead. From here on the game was all in the favor of the Red and Green. Seely made another and Hunter made 2 more. Mitchell brought his total up to eight with three more goals and DeVoie made one more foul. Swisher, who took Hunter's place made a pretty one from the center of the floor.

Nye made 2 more fouls and another field goal for opposition and Johnson, Penrod and Barklow each made one more 2 point marker for the visitors and the scoring was ended.

The last victory made Central's standing for the season 6 won and 3 lost making a percentage of 84.2.

Mitchell, DeVoie and Hunter each played the final game for Central last night.

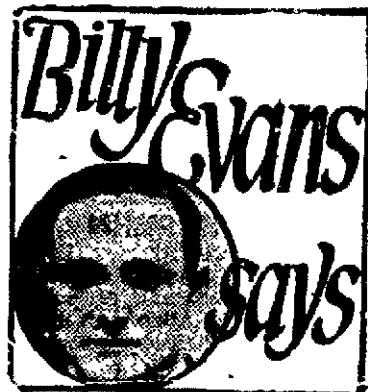

CENTRAL (37) PIQUA (27)

WHAT chance has Babe Ruth to
break his home-run record in
1923?

That question has been asked me
a number of times during the past
month as the athletes get ready to
swing into action.

To be perfectly frank, I don't be-
lieve there is a chance in the world
for Ruth to break his mark of 59
home runs.

The biggest handicap he will
suffer will be the fact that his sus-
pension will keep him out of perhaps
25 games.

In those 25 games it is reasonable
to suppose that he would make from
seven to 10 home runs. Starting with
such a handicap in an effort to bet-
ter a mark of 59 is some task.

In addition Ruth will suffer from
lack of actual competition when he
is permitted to enter the game. Dur-
ing the first month of the season the
pitching is usually only ordinary.

However, Ruth's eye would be
much better facing such pitching
than merely taking his turn in bat-
ting practice, where the pitching is
usually made to order.

When Ruth gets into the game the
American league pitchers will have
the edge on him. They will have
benefitted by five weeks of actual
play, while Ruth will be off form,
due to his inactivity. In all probab-
ly it will be around June 1 before
Ruth hits his stride.

Personally, I doubt if Ruth is ever
able to top his record of 59, altho
I know the big fellow feels positive
that he will. Ruth really was disap-
pointed because he didn't get 65 last
year.

Babe crossed me up last year by
getting 59. I rather looked for his
mark of 54 to stand for some time.
Perhaps he will upset the dope again
before he retires, but I hardly look
for such a happening in 1923.

Alexander L. Weiner is this new

SWARMING TO
DELAWARE

DELAWARE — Hundreds of
rooters were arriving here early to-
day by special train, interurban
cars and automobiles for the finals
of the Ohio Wesleyan University
high school basketball tournament.

First games of the day were
scheduled for this morning with
Greenfield and Delaware fighting it
out for the southern division cham-
pionship and Mt. Vernon and Fos-
toria for the northern. The win-
ners of the morning will play for
the championship this afternoon.

A special train brought Mt. Ver-
non rooters early today and a spe-
cial car on a Hocking Valley train
unloaded Fostoria supporters. Many
Greenfield enthusiasts made the
trip by automobile and on regular
trains.

Joliet Doubles Team
Tops A. B. C. List

BACK from Toledo where they saw the fairyland of bowling—the A.
B. C. meet—Lima bowlers have interesting tales to tell. The Sig-
mas and Manufacturers Supply company teams finished rolling Fri-
day.

There is a slight possibility that Joe Goodrich, of the Manufacturers,
who bowled 610 in the singles, and the doubles team, H. Snyder-C. Biss,
with a record of 1,133, will be in the money.

Standings are but little changed.
Hamilton Club Reds of Chicago
lead the five-men event with 2,902
pins. Roofs and Spreiter of Joliet
went to the top of the list in the
doubles Friday by piling up 1,259.
The high mark in the singles is
still held by W. Lundgren of Chi-
cago with his new A. B. C. record
of 729. In the opinion of A. B. C.
officials this score will not be
approached during the remaining days
of the tournament.

Tonight is another big night
from a Chicago standpoint. There
are six teams from that city on the
first shift and 18 on the squad that
went on at 10:30 p. m.

With "big league" bowlers from
Chicago, Buffalo, Cleveland, New
York and other cities in action to-
day, however, standings in the
doubles, individuals and all events
divisions were expected to be
shaken up.

SOUTH LOSES

One of the worst defeats suf-
fered by South High school this
season was received Friday night
at Springfield, where the crippled
Young clan met a 52 to 28 Water-
loo.

Lima did not display near the
form they did in the first Spring-
field game earlier in the season,
when they lost by the margin of
37 to 19.
South closes at Leipsie Friday.

second time.

The participants were "Strong

TWO ARE SHOT IN GUN BATTLES

NEW YORK.—(United Press).—One man was killed early today in a battle between alleged bootleggers and rum runners in New York harbor. In another pistol fight between two women, a man and detective, an officer was shot and wounded.

Police are holding Molly Forsell, 30, charging her with shooting Detective Lavender during a raid on what is believed to be the terminus of an automobile booze smuggling system.

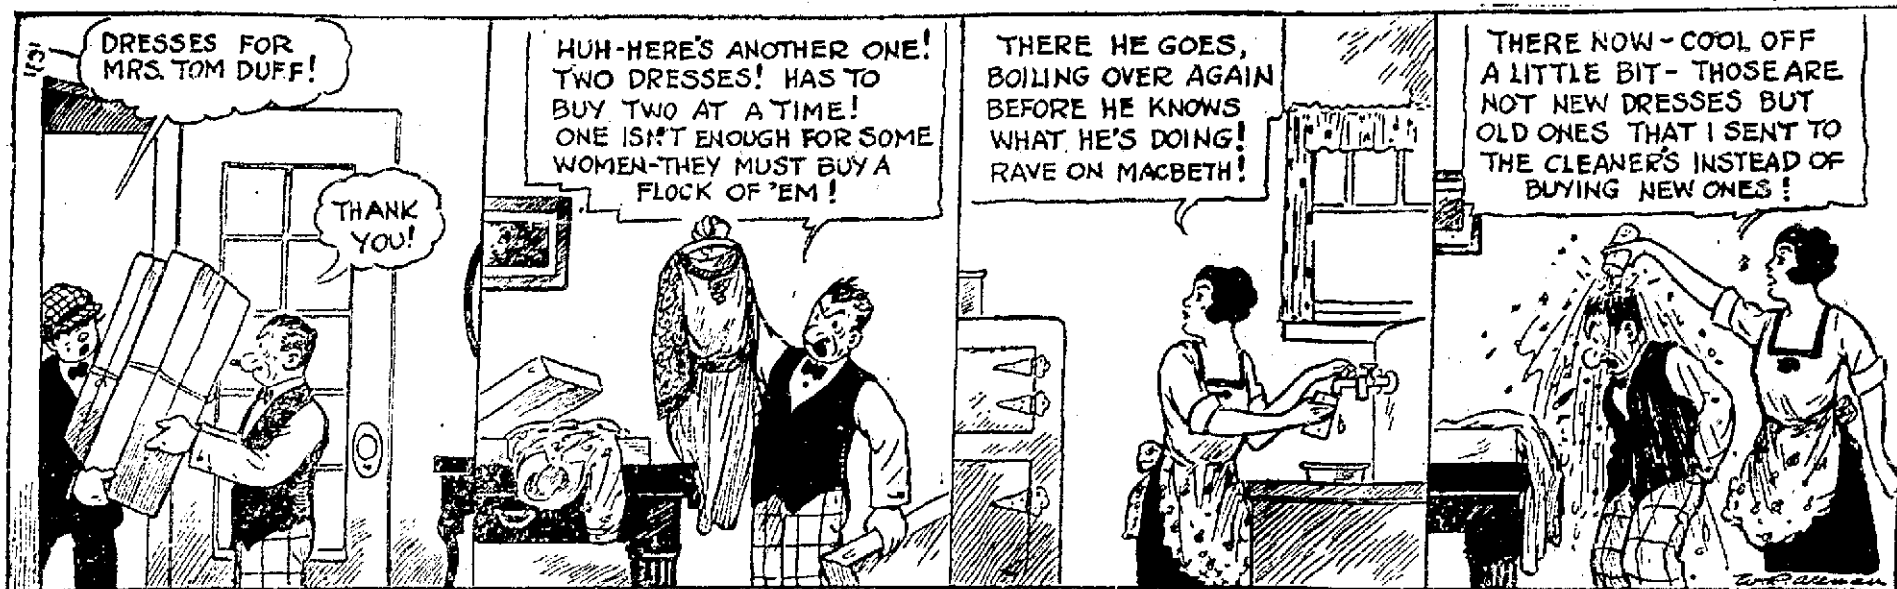

When detectives raided a private home they allege Mrs. Forsell, Mary Palmer and Frank Celano, chauffeur, also under arrest, barricaded themselves in a room and opened fire with revolvers.

Detective Lavender fell, wounded, in the shoulder. Police reserves were called and the room was broken in to. Liquor estimated to be worth \$10,000 was confiscated and bank books showing deposits of \$50,000 in the last six months, were taken by police.
